We the undersigned have personally inspected the construction of home site numbers _____ for a total of _____ sites and certify, pursuant to Section 14 of 1987 P.A. 96, as amended, and R125.2314n of the Michigan Administrative Code, that all work has been completed in accordance with the plans, specifications, and changes, if any, that were approved under Permit to Construct Number: _____ Dated: _____

We certify that the following conditions have been met pursuant to R125.1214n(1) of the Michigan Administrative Code:

Internal roads servicing the completed homesites; home site individual sidewalks; common sidewalks, if provided, servicing the completed homesites; parking servicing the home site; patios, if provided; permanent foundations; internal road lighting servicing the sites identified above and stabilization of the soil on the sites identified above to prevent erosion and soil runoff are completed.

We further certify that the conditions of any approved variance have been met and a copy of the order is attached. If applicable, department approval for home site customization after licensing is also attached.

Approval of the application for licensing additional sites is contingent on the proper execution of this affidavit.
